

Bellevue Girls High School Track & Field – 2024

Track & Field Dinner

It's that time of year again when basketballs are traded in for sweatsuits and spikes. With one week into the season, track & field athletes are working hard to condition their bodies for the upcoming season. Coach Reuter and Coach Steines have decided to make the TEAM concept a focal point of development. In doing so, we have developed the Comette Awards Program in which athletes can gain lettering points during practices and meets for commendable behavior and strong leadership. To address team unity, we have also decided to have team meals (of which there will be three). In order for this to work, the parents of the athletes will be responsible for cooking a meal (one time only with other parents) for the team before practice is over (approximately 5:00 pm). One parent will volunteer for the role as the Meal Manager for each team meal and notify other parents of dinner responsibilities (via phone calls, Google Docs, etc.). At the dinner (which will be located in the Commons) athletes, parents, and coaches will be able to socialize while watching video footage of previous meets. This will also give the coaches a chance to get to meet the parents in a more informal atmosphere. After the dinner is over, the athletes of the parents attending will be responsible for cleaning up. We realize these dinners will take away time from your busy schedules, but we also believe it will be memorable for the athletes.

Sincerely,
Coach Craig L. Reuter
